

ChromaDex Product List

COMPLETE ECHINACEA HPLC KIT

FOR: Echinacea (*angustifolia*, *purpurea* & *pallida*)

INTRODUCTION

HPLC is one of the most powerful tools an analytical chemist (or non-chemist) can use to determine the identity and quality of raw materials, herbal extracts and finished products. ChromaDex is proud to announce the release of a series of HPLC test kits based on the published Monographs. These kits bring all of the important elements necessary to start work right away.
