

PRODUCT PRICE SHEET

ANDROGRAPHOLIDE (REAGENT GRADE) (Part# ASB-00001755-101)

DESCRIPTION

Andrographolide is a alkaloid produced through isolation from Andrographis.

ChromaDex has been involved in the isolation of high purity Andrographolides, and other related compounds, for over 5 years. Much of the andrographolides used for several of the publish studies was produced by ChromaDex. Over the years we have increased our scale and now we can manufacture kilogram quantities of the highest quality material available.
